

Kitsap Aircraft Radio Control Society

Meeting Minutes

May 11th, 2010

Meeting called to order at 7:02 p.m.

Visitor: Mick Kramer

New Members: Pat Kneip, Gayle Brewer, and Craig Limbocker.

Treasurer report: read and accepted

Minutes: read and accepted

Guest Speakers: none

Committee Reports: Greg reported on the runway

Old Business:

- **Field Report:** President James wishes to thank everyone that came out to the field this week. Currently, the long ditch near the pits has some soft spots. We will fill some dirt so Scuffy can do some work. The ditches are straight. Scuffy is coming out Wed. morning. We have enough men for the work party on Wed.
- **Pylon racing:** The Pylon racing was dismal. We're going to try one more time; if not enough contestants, we will discontinue the Pylon racing.
- **Combat Flying:** We had a midair in heat three, leaving only one plane for combat.

New Business:

- Three new members.
- Al must cancel the open shop for this month. He will have it during the fall. No open shop for this month.
- Brian had a meaningful conversation with the parks department regarding the runway.
- Valley stated he can make foam wings for anyone who needs one (or two).

Concerns:

Danny Mason has Stage 4 cancer. We wish Danny the best and hope he is soon out at the flying field flying again.

Show and tell:

- Al showed his Old Saito FA .30 open valve four stroke.
- Norm Walsh showed his Hanger 9 Dehaviland Beaver, .30 powered electric, with realistic flap control. Paul flew it and it has no bad characteristics. Flies like a trainer and is suppose to be very good on floats. Very aerobatic, but Norm likes to fly it realistically.

Norm Walsh won the Show and tell.

Raffel: Wilber Hill won the Yellow Bee!!

Quarter Drawing: No winners.

Next meeting will be at the field.

Meeting adjourned at 7:28 p.m.

Minutes approved June 8, 2010.
