Business:

- The Web Committee thanked Brian for loosing something so we would have something in the Lost and Found column on the website.
- Clarification on installing batteries in electrics: install them on the taxi way, not on the runway. Electric planes should not be started under the canopy.
- Discussed placement of the flight stations; we're going to move the flight stations 6 feet toward the runway for safety.

- The Open Shop schedule has been set for the remainder of the year on the third Tuesday of each month:
 - September: Neil Makar
 - October: Brian Campbell
 - November: Harvey Smith
 - December: Greg Tinius
- Discussed having a booth at the Kitsap Fair. The booth has been cancelled for this year.
- Wicks Lake - Jim called Parks Department; it's on hold until they decide what to do with the park. They hope to have a decision by fall.
- Verlyn is withdrawing the Speed Day for September 25th. We will look into doing it next year.
- Verlyn brought up Temporary Flight Restrictions. The Government is attempting to restrict all aircraft (include model airplanes) from flying within a given radius on occasions such as when the President of the USA is visiting the area.
- We made Gold Leader Club (again), for 2009.
- Boots won Combat for August.
- Jim stated that after we raffle the next two prizes, he is taking suggestions for raffle prizes.

SHOW AND TELL:

- Bruce Loughridge showed his 1938 M&M 0.19 engine. Manufactured in Seattle, only nine of them were made. It took first place in a contest. It has a by-pass and fuel gets upstairs through a hole in top of the piston.
- Harvey showed the "Little Fast" he built from a kit. The kit was by Top-Notch Products.

- Jim showed off his Spitfire. It weighs 12.5 pounds and flies great off the water.

Bruce won the Show and Tell.

Raffle: Verlyn won a 33 piece hobby knife set.

Quarter Drawing: Not a winner this month.

Meeting adjourned at 8:00 pm.
