

Kitsap Aircraft Radio Control Society

Meeting Minutes

August 9th, 2011

Meeting called to order at 7:00 p.m.

Visitors: None

New Members: None

Treasurer report: Read and accepted

July minutes: Read and accepted

Guest Speaker: Chuck McGuire

Old Business:

- Jeff had a meeting with Parks Deptment. If anyone sees Jeff at the field this Friday, there will be NO FLYING while he is walking the field.
- The C.A.P. appears to no longer be interested in further joint activities
- Brian is going to talk to the local school district to see if we can generate some interest in young men and woman learning to fly RC aircraft.
- Al talked about why there are no contests on Sundays. To avoid losing people who attend Sunday church services, it was decided to have all organized flying events on Saturdays.

New Business:

- Chuck McGuire has a new hobby shop in town. He used to fly large scale aerobatics competitively in the Southwestern USA. He's a retired Navy commander. He currently has about 60% of his stock in place.

Chuck sees the store as a partnership with the community. If the store is not involved with the community and the community not involved with the store, then the store will not survive. His main supplier is Horizon Hobbies. He also has a gaming room setup for gamers. The room is also free for seminars.

Chuck is up to speed on all types of radios, servos and receivers. If you have any questions about RC equipment, he has the answers. He is also very good at helping out beginners and he flies R/C helicopters. Feel free to call him or email him.

- The Blackberry Festival will be held on September 3rd. Verlyn is in charge of it. We have three tents, a 42-inch TV monitor and lap top computers for R/C flight simulators. Speak with Verlyn if you would like to volunteer to help out. They will also be telling people to come to our flying field and watch us fly.
- Jeff went on a ride with one of the little PITTS specials during Sea Fair aerobatics. They did six-in-a-row aileron rolls and an inverted loop.
- Thank you to Jim and Denise for spending two days mowing the lawns.
- The Port Townsend Museum tour will be postponed until October 8th.

Show and Tell:

- Verlyn showed the new Kitsap ARCS flyer.
- Corky showed his WW-II aircraft. It is half kit and half scratch built.
- Jim showed his Cap 23 with an OS .91 engine.
- Harvey showed his Decathlon and won the show and tell

Quarter Drawing: Mike M. would have won the quarter drawing, but since he didn't put in anything tonight, he didn't win.

Raffle Drawing: Al won the raffle.

Next month's meeting will be at the club house.

Meeting adjourned at 8:05 pm.

Minutes approved September 13, 2011.
