### **COMMITTEE REPORTS**

#### **CONTESTS & RULES**

*Park Racing:* Neil Makar T-28 Racing 2<sup>nd</sup> round results. There was heavy carnage due to wind and rain. Heats took place in between showers.

*Combat:* Jeff. (Rained out 2<sup>nd</sup> time)

*Special Event: Warbird* 24 May. Start time of 0730, sign in and fam-fly 0730 – 0930. events start at 10:00am.

Events will include Bomb drop, carrier landing, spot landing, balloon bust. Wigwam will cater pulled pork sandwiches & beans. We STILL will need judges and event assistants. Paul to post sign up sheet for positions. All club members are encouraged to attend, even if they do not participate, we need your help, and the sights will be fun to watch.

Neil -provide 1.5KW Gen-set

Chuck - provide PA system.

Sean - Announcing

Paul: People who participate in the running of the event will eat for free.

Planes should be test flown prior to participation. This event will help to build up a core cadre of club members that know how to run an event. Target will need to be market on runway prior to the event.

Will there be special pre-event meetings to finalize the set-up & coordination?

*Special Event:* Jun 21<sup>st</sup>, Floparpy invitational mini-huckfest. 3D pilots from all over, flying into the night, come watch the show.

*Special Event:* Club fun-fly Aug 9<sup>th</sup>, Terry to start planning phase. This will be similar to last years event. May try to sanction event.

## KITSAP

### Aircraft Radio Control Society

*Special Event:* Chuck will run a Golden Age Fly in during September. Chuck will act as CD and the event will be sanctioned. If it looks like it belongs in the Golden age of flight, it will be accepted.

#### SAFETY

**President:** With the weather getting better, field usage is up. Remind others when you see unsafe acts, we police ourselves.

*Safety Officer comments:* Paul: Range check your airplanes!! Another plane was lost in Tacoma because it came off the radio.

Pat will cover tactical tourniquet and Israeli bandage use at a club meetings and we will have them at the field in case of serious injury.

#### FIELD MAINTENANCE

**April 15<sup>th</sup>, Monday, chipping crew at ARCS field, following people attended:**

I really want to thank all the members that participated in work party this year to date! Awesome Job!!

**Terry:** We will need to remove Scotch Broom. The field was fertilized. Need more North end clean up and chipper party and another load of gravel.

#### INSTRUCTION

**Report from Head Instructor:** Sean, -It's that time of the year, 3 events tomorrow night, and cycling wins when the weather is this nice. So I will miss the meeting. But here is a short report:

-I am meeting Mark Yeoll tomorrow morning at the field to give him instruction and get him checked out. We have had trouble finding time that works for both of us plus good weather. Tomorrow is the day.

-I am working with two brothers, Stratton and Jay who are very interested in RC. They have built several foam board planes from scratch (Flitetest.com for plans). I met them last week at the field and with Greg's help we got both of them airborne with some instructions. They will be back and hopefully join the club. They were contacts from the website.

-I've also been in contact with a Patrick Sam who is new to Gig Harbor and is looking for a club and field. He has some experience and an E-flight Hurricane electric. We may meet at the field soon. He is restricted to weekends. Pat is a contact from the web site.

### Aircraft Radio Control Society

Also been helping out Brian at both schools. Lots of eager kids. Greg and I have buddy boxed with at least 10 last week and this week. Keep watering them and in 5 to 10 years we may have some new members!

That all. Over and out.

Doug

#### *Status from Instructors:*

KC – Floyd made touch and go's.

#### **PUBLICITY**

Club stickers are available, Terry has them:

8" - \$8.00 each

3" - \$2.00 each

- Order placed with Winged Stitches, we got the order in in time to save the set-up fee. 7 Jackets have been completed, and the entire order will ship early next week.

#### **OLD BUSINESS**

*Field development:* Parks advisory board meeting was:

April 16, 2014 Silverdale Community Center Evergreen Room

9729 Silverdale Way NW Silverdale, WA

Greg and Terry attended the board meeting. We need to have someone attend the mushroom board.

Next on is:

6pm **May 21, 2014**

**Island Lake Community  
Center**

**1087 NW Island Lake Rd.  
Poulsbo, WA**

*School program:* Brian Campbell: Need Money! Cedar Heights has 50 members; Elementary is interested. Doug was at South Colby and the planes flew well. Nate will check on support from aviation community. Brian needs people to help, and the schools need foam board.

*Open shop:* April 15<sup>th</sup> at Paul's house. Was a good time, most of us just hung out and gabbed.

*Next Open shop:* Will be at Sean Butlers house on May 20<sup>th</sup>.

*Indoor flying:* No comments.
