Field Maintenance

- We will be doing a field day once a quarter based on necessity. The first will be during the first hour of the Spring Opener. Everyone chip in when you go to the field – pick up trash and help keep the field looking good.

- Log in on the volunteer website – looks good for the club.
- There will be a lot more attention on Coulter Creek now that the county is starting to work on the parks plan. The club will submit our desires to parks with the hope that our desires are included in the plan from the start.
