*Option 2 – Purchase a new 18' x 50' Viking Steel Structure.*

*During the discussion, Jim McEdwards volunteered to purchase a new, complete 18' x 40' FARMTEK structure to augment the structure that the Club is purchasing. This would restore the overall length of the replacement to either 90' long or 100' long, depending upon the result of the vote. THANK YOU JIM AND DENISE!!!!*

### **Publicity**

*23 Mar – Kitsap Mall hosting Science, Technology, Engineering and Mathematics (STEM) event. The store has a location number but that might not assist members who want to find it. The best is to say the “store next to Kohl’s on the north side of the mall, between Kohl’s and Payless Shoes”. On Friday the 22<sup>nd</sup>, you can start setting up any time after 3pm since you are in a store vs. on the floor. As for Saturday morning, the entrance opens at 7am so you can start setting up then. The mall will be providing tables and chairs.*
