- Motion by: KC Second by: Jim W.
- All were in favor to approve the minutes of the June meeting.

Treasurer's Report

- There was no treasurers report this month.

General Announcements

KC and myself discussed with those present the need to complete the new FAA requirement known as TRUST. We provided information on why, where to complete it and what the requirements of having the new TRUST certificate available with you while flying were.

Competition

Competition Saturday in July was foggy in the early morning, but quickly burned off before race time.

The weather was clear, bright sunny, and blue sky. There was however enough wind out of the south to make take offs happen in that direction. We had three previous racers and a newcomer, George out to try his skills. Making it 4 racers for the day. A little excitement in the first heat after rounding the south pylon we headed for the start-line and I ballooned up and made some kind of crazy maneuver. Getting leveled out I saw Rob out in front followed closely by Neil and George was right under me. Rob got so excited about being in 1st place that as he went around the #1 pylon on the start of lap one he forgot to use up elevator and flew right into the ground. He had no backup plane so I loaned him one of mine so he could compete. All in all a good race day. We flew three heats with no pylon cuts and only Rob's disaster. Would nice if more racers would come out.

Next Comp. Saturday Aug. 7th.

Old Business

I want to thank everyone for their diligence in reporting field usage hours, on the chart at the Kiosk, we are still collecting them for reference of our field usage. This is for showing usage of the field to KCPD if necessary. Also please account for any hours for guests you may bring as well. A big thank you to Paul and KC for collecting and tabulating this each month. Note: also account for your time spent at the field for club meetings, mark as “Admin”.
