

# *KITSAP Aircraft Radio Control Society*

## *Monthly Meeting: October 12, 2021 Zoom Meeting Minutes*

*Call to order: 7:07 pm*

Tonight, ten members participated in the Club's general meeting. Meeting was held via ZOOM. A thank you to all that participated.

**New members or guests:** Welcome to our newest member Clyde Baker

### **Minutes Reading of the minutes**

- President asked if all had a chance to read September minutes, then asked for a motion to approve.
- Motion by: KC Second by: Dan B.
- All were in favor to approve the minutes of the September meeting.

### **Treasurer's Report**

- No Treasurer's Report; not in attendance.

### **General Announcements**

I have three New Club Hats left for sale. \$12 member/\$15 non-member first come.

Not sure when/if any new ones will be ordered as our source is not available anymore.

November meeting place? Should I poll members for their preference? Those present were in favor of polling members.

### **Competition**

Competition Saturday in October was cancelled due to lack of participants. Do we want to continue this next year? Will ask this question at the beginning of the next year.

### **Events (tentatively)**

Other events for this year:

- 23 October – Fall Closer
- 2021 Swap Meet and Model Aircraft Shows October 30<sup>th</sup> and 31<sup>st</sup>  
NW Model Hobby Expo - Evergreen State Fairgrounds, Monroe.
- Winter Build Competition for 2022 kicks off as of today. Rules and schedule are posted on the Web Site

### **Safety**

- KC, no safety comments.

### **Field Maintenance**

- KC, none scheduled at this time.

### **Old Business**

- Gate Locks are being damaged due to forcing, either open or closing.  
To close the lock:
  1. Ensure the dial is set to the numbers of the combination.
  2. Firmly insert the shackle into the lock case.
  3. Spin the dial at least once to a random number.

If you can't spin the dial to open the lock, push up lightly on the bar holding the lock. This will take the pressure off the lock shackle. Never force this kind of padlock!

- Please continue your diligence in reporting field usage hours, on the chart at the Kiosk, we are still collecting them for reference of our usage. Also please account for any hours for guests you may bring as well.

### **New Business**

- We still need a volunteer to handle acquiring and preparing food for our events next year. I am asking for volunteers. Please consider this. Please contact KC or me if you would like to help with this.
- Membership Application update for 2022.
- [RCPilot.com](http://RCPilot.com) is a free web site backed by AMA and Horizon Hobby for AMA clubs that allows posting comments, flights, things for sale, etc. It has all of the AMA registered clubs available to search and review. You must create a login at [RCPilot.com](http://RCPilot.com) to use this site, and then join the KARCS to use club specific things. This is a free service with many more options than we have on our site.

### **Comments from the Membership:**

It was suggested that we create or include in a fun fly some RC STOL competition.
