

KITSAP Aircraft Radio Control Society

Monthly Meeting: November 9, 2021 Zoom Meeting Minutes

Call to order: 7:03

Tonight, nine members participated in the Club's general meeting. The meeting was held via ZOOM. A thank you to all that participated.

New members or guests: None

Minutes Reading of the minutes

- President asked if all had a chance to read October minutes, then asked for a motion to approve.
- Motion by: KC Second by: George
- All were in favor to approve the minutes of the October meeting.

Treasurer's Report

- Treasurer was in absence tonight – No report

General Announcements

I still have three New Club Hats left for sale first come.

December meeting will be via a ZOOM meeting unless the indoor mask mandate is lifted.

Events (tentatively)

- The Winter Build Competition for 2022 was kicked off at the October meeting. KC has added a new category for the 2022 Winter Build. There is now a "Crashed and Salvaged" category. All previous rules still apply. Rules and schedule are posted on the Web Site please review them.

Safety

- We're all safe according to KC.

Field Maintenance

- KC would like to get a couple others together and finish knocking down the remaining scotch broom at the north end of the field if the weather ever permits it.

Old Business

- Gate Locks are being damaged due to forcing, either open or closing. The lock must be on the combination to close; then hold it closed and spin the numbers. If you can't spin the numbers to open the lock, then push up lightly on the lock bar to take the pressure off the lock. Also keep in mind the numbers only spin from low to high in order to go past 9. Also note that the numbers should line up with what is the center line of the lock, not what looks like an etched line on the bottom of the lock.

- Your diligence in reporting field usage hours, on the chart at the Kiosk, and also accounting for any hours for guests is duly appreciated.

New Business

- If we are going to have food for our events next year, we still need a volunteer to handle the grilling and food. Please consider this. Please contact KC or me if you would like to help with this.
- The Membership Application has been updated for 2022 membership renewals; they may begin any time now.
- RCPilot.com – Free web site backed by AMA and Horizon Hobby for AMA clubs that allows posting comments, flights, things for sale, etc. We have a total of six who have joined this so far. It is an awesome site with many features. It is also a free service with many more options than we have on our website.
- KC reported that the Expo in Monroe was an absolute success blowout on Saturday and that Sunday was almost as good. Next year the Expo is planned for some time in April; date to announced.
- KC reported that he had also received an email from Aaron Rose of the FAA concerning signing an updated LOA for our field.
- Nominations for next year's officers:
 - President: Duane Barrett (Current)
 - V-President: KC Patton (Current)
 - Secretary/Treasurer: Bruce Durham (Current)

Comments from the Membership:

Dan B. mentioned that a friend of his had 5 gliders stolen, so watch for cheap gliders.
