## **Field Maintenance:**

We are back into mowing season again so watch your emails for dates and times for field maintenance.

We need to paint the tables outside of the cover now that the weather is warmer and paint can dry. Need volunteers for that, so we can set a maintenance day. Perhaps same day as a mowing event.

## **Old Business:**

County still working gate issues. Last report they were researching a more robust gate.

## **New Business:**

With our latest Airspace Authorization (AA) from the FAA The club has been tasked to collect, record, and maintain for FAA review all pilots names and their FAA aircraft registration numbers. This is serious business as failing to do so could lose us our field flight authorization from the FAA. AMA has confirmed it is necessary for our club to comply. If you have not done so yet please send this information to the club president.

**Show and Tell:** Floyd gave away a UMX Fokker DVII

**Comments from the Membership:** Geo told about the Air Force came about to have a Pre-Flight Check list before flight in 1934. KC Told how aircraft maintenance workers wer forced to do a before and after tool box check at Miramar Air station.
