- Motion by KC Second by Ron
- The May. meeting minutes were approved by the members in attendance.

Treasurer's Report

Floyd presented the club's current financial statement for May.

- President asked for a motion to approve them
- Motion by KC Second by Ron
- Treasurer's report was approved by the members in attendance.

General Announcements:

It was noted that the club needs a new Secretary/treasurer for 2027. Floyd has served beyond the allowed number of year and cannot/will not serve again in 2027. We need someone to step forward now and work with Floyd to learn what needs to be done for the position for next year. Floyd has served the club very well and now deserves his time away. Please step forward to serve your club.

The EAA Young Eagle build: EAA Young Eagle Coordinator Trish Williams is looking for new volunteers that are needed to help with the upcoming build. The build happens two Saturday afternoons a month through the winter build season, which is from September to April. Three new volunteers are needed to work with the Young Eagles on this coming year's build. If interested please contact Club President. An excellent opportunity to serve both the club and the community.

Safety: Weather is starting to warm up so be sure to stay hydrated. Always fly with a buddy when possible. If you go into the woods to retrieve a plane make sure some one knows where you went, and when you should be back. If possible don't go alone.

Competition Results - Posted June results on the website. Quick run down of standings was given. We had a fair turn out considering the weather and the forecast for the day, but the rain held off although it did get very windy. No combat as not enough pilots and it began to rain again about 12:00.

Regional Events

13 Jun '26 – KARCS Warbird Fly-in, Duane CD.

July 11-12 - Bremerton Air Show, Bremerton Airport – We will not attend

Aug – Nitro Fest – Still TBD by Nick Munch?

Nick at Nite ongoing again. Need info Contact Nick Munch.

Sept. 12th - Golden Age / Multi-Wing Fun Fly-In by Duane CD.

Field Maintenance:

We are back into mowing season again so watch your emails for dates and times for field maintenance. We plan to mow this Thursday morning so there will no flying until we finish.

We need to paint the tables that are outside of the cover now that the weather is warmer and paint can dry. Need volunteers for that, so we can set a maintenance day. Perhaps same day as a mowing event.

Old Business:

With our latest Airspace Authorization (AA) from the FAA The club has been tasked to collect, record, and maintain for FAA review all pilots names and their FAA aircraft registration numbers. This is serious business as failing to do so could lose us our field flight authorization from the FAA. AMA has confirmed it is necessary for our club to comply. If you have not done so yet please send this information to the club president. I have sent numerous reminder emails, But, we still have 12 members who have not complied, they have been notified that until they complete this they are restricted from flying at the field.

New Business:

Highway 3 to Belfair will be closed just north of the airport beginning June 13th until June 29th. Traffic will be routed via Sunnyslope road past our gate to Lake For a to go around the closure. Our road will be very busy then so use caution when going in and out of the gate area. Heavy trucks are supposed to be routed via Gorst to Lake Flora, but you never know.

Show and Tell:
